Station Lane, Ingatestone CM4 0BL

Our boutique luxury home delivering individual care for our residents

Glad To Care Week

To round off our Glad To Care Week, we were delighted to say a big thank you to our local Ingatestone firefighters. Throughout the week, our residents visited local pharmacies and the hearing nurse to express their appreciation and deliver gifts. It was a wonderful week, and all the doctors and district nurses who visited the home received the handmade gifts lovingly created by our residents. The firefighters were incredibly grateful, and everyone thoroughly enjoyed their visit and the opportunity to hear them speak. It was a lovely way to celebrate and thank the dedicated professionals who care for and support our community.

Music Therapy With Sabina

We had the very talented music therapist, Sabrina, entertain us all while we sat in the garden and enjoyed the sunshine. Sabina played the ukulele and sang so beautifully. After the music we all ate delicious ice creams, then rolled our trousers and skirts up and spent the afternoon putting our feet in our paddling pool !
